

Concerned **Black Women** received the **Community Impact Award** from The Southern Maryland Chain Chapter of the Links, Inc., on Saturday, June 26, 2010, at the J. T. Daugherty Conference Center in Lexington Park (St. Mary's County), Maryland! Congratulations to all CBW members for this team effort!

The Community Impact Award was presented for the first time to a service organization from each county (Calvert, Charles, St. Mary's) whose collective contributions have served to promote and enhance the quality of life for a broad segment of the community. Awards to the Calvert County recipients were presented by Link Ruth Reid, a

Calvert County former public school teacher and long time business woman in Calvert County.

CBW received three distinguished recognitions -- a plaque reading "2010 Community Impact Award Concerned Black Women of Calvert County Maryland Presented by The Southern Maryland Chain Chapter The Links Incorporated;" Certificate of Congressional Recognition received from U. S. Congressman Steny H. Hoyer, Representative 5th Congressional District; Official Citation from the Maryland General Assembly and a Proclamation from the Board of County Commissioners Calvert County.

The awards were accepted on behalf of CBW by its President and Co-Founder Annette Funn. Other members attending the Awards program were Treasurer Nicole Cooksey, Charter Member Dawn Tucker, former Scholarship Chair Delica Eller and a friend of CBW Earlene Greene.

Other elected officers of CBW are Recording Secretary Randi Parker and Corresponding Secretary Robin Johnson. To find out more about CBW, visit their website at www.concernedblackwomenscalvert.org. All are welcomed to join CBW that supports its mission.

CBW thanks the Links, Inc., for honoring and recognizing their contributions and dedicated services to the Calvert County community in order to help make the county a more beautiful place for all to work and play. CBW plans to just keep on achieving and giving back to the community as it has done since its inception.
